Attention Senior Families

We would love to recognize you!

Please be sure you are doing the following: If you have been offered any scholarships or awarded any money, from any school, please turn in a copy of the offer to the Counseling Department. Many of you will get offers from schools that you aren't interested in attending, but do not throw those away or delete them from your email; the Counseling Department needs all of them. These award letters will count towards your class scholarship total and you will be recognized in the Graduation Program. Please note: if you attended Girls State or Boys State this past summer, you will be getting offers from multiple colleges. Colleges will also send out letters stating if you apply with them you will be eligible for X amount of money. Again...Please don't throw anything away!! If you are unsure about what you receive in the mail, bring it to the Counseling Department and let us look at it.

SENIORS

ACT Kaplan Online Prep Live

FREE ACT® Test Prep Class January 16 @ 7 PM EST

We know that test prep might be one small component of what you're responsible for as a high school counselor. And the perception of test prep is that it's just a way for companies to make more money, offering no real, tangible value for the student. So, why even bother recommending it – or recommending beyond what your school provides?

We believe that the best test prep programs not only prepare students for a test, but also help enhance their knowledge of the subject matter covered in the test. Test prep programs should build on a student's academic strengths and shore up their weaknesses across subject areas, so students feel confident they are prepared for and can do their best on the test.

That's what we aimed to do with our partnership with Kaplan, through our test prep option [ACT® Kaplan® Online Prep Live](#). Through live instruction, students can build confidence for the ACT® test while also building their knowledgebase so they can be more successful in their classes, and ultimately, more prepared for college.

On January 16, Kaplan is offering a [FREE sample class at 7 pm EST](#) for ANYONE who wants to join. This session will allow students to gain an understanding of what kinds of subjects and questions will be asked on the test, while also getting the opportunity to refresh and refine their knowledge.
